**THE LANDS OF THE PRESIDENT  
CONDOMINIUM 8A ASSOCIATION INC.  
2950 PRESIDENTIAL WAY  
WEST PALM BEACH, FLORIDA 33401**

**RULES AND REGULATIONS**

To: All Condominium apartment owners, occupants, present and future at the Lands of the President Condominium 8-A Association, located at Presidential Way and North Congress Avenue, West Palm Beach, Florida 33401.

**I. General Information**

1. Rules and Regulations, as amended, as well as additions thereof are set out herein. These were approved and duly adopted by the Board of Directors of the Lands of the President Condominium 8-A Association, Inc. (hereafter referred to as The Senate), on April 5, 1984. They are supplemental to the basic documents of The Senate, which include The Declaration of Condominium, Articles of Incorporation and By-laws published prior to this date.
2. The Senate offers a regulated lifestyle, one which creates a pride of ownership and a benefit to the community. It is intended for your quiet enjoyment. It is solely for the use of unit owners their guest and their lessees, when approved by separate action by the Board of Directors (hereafter referred to as the Board).
3. Apartment owners should familiarize themselves with the following rules, as well as the Condominium Documents. It is the responsibility of each owner to inform guests and their lessees of all rules and regulations. Owners should make this document available to them and demand compliance.
4. Revisions to these rules may be made if and when they become obsolete, prove inequitable or fail to cover existing situations. Changes must be in writing and furnished to each owner. Suggestions for changes or other matters requiring action should be submitted to the Board in writing. At all times the Board has a duty to reflect the wishes of a majority of the owners in accordance with the law and the documents. The Board is responsible for enforcing the rules; however any owner may "as a good neighbor" politely call attention to rule infractions, either to the rule violator or in writing to the Board.
5. Rule Enforcement.

**II. Rule Enforcement**

1. The Board asks and expects full cooperation in the observance of these rules. The Condominium Act, Declaration of Condominium, By-Laws and Articles of Incorporation specifically authorize such restrictions and the courts have commented on their necessity. Their purpose is to make the Senate a pleasant place in which to live, one that will preserve and protect the property and its inhabitants. No regimentation is intended. Condominiums throughout the State routinely use rule booklets to administer the affairs of the condominium. It is for the benefit of a majority of the owners that this document is published.
2. Observance of these rules is incumbent upon each owner. They are responsible for their own behavior and that of their guests, lessees and employees (maids, housekeepers, cleaners, repairmen and the like). Violations will be called to the attention of the violating owner or other person, for whom he is responsible, who is committing the act. Disagreements concerning violations will be presented to and judged by the Board. If the conduct, determined by the Board to be a violation does not cease and desist upon prior notification in writing to the owner, then proper legal action, including injunction or suit for damages, through due legal process may be instituted in accordance with the provisions of the Condominium Act, Florida Statute Chapter 718.
3. All attorneys' fees, filing fees and other expenses incident to the enforcement of these rules by the institution of legal proceedings shall be paid by the violating owner. Acceptance of the warranty deed from seller to buyer shall be considered due notice of compliance with these rules. Their disregard can lead to liens and foreclosure.
4. The Board may authorize fines of up to \$100.00 per day against owners who persist in overt, gross or repeated violations after being warned. The designated management agent or legal counsel may be instructed to notify the responsible party of the amount of the daily fine and its duration and basis for it. Failure to then comply will result in legal proceedings as described above. The President of the Board is hereby empowered to act independently on such matters to protect the condominium. Board approval of each individual case in advance of timely action is not necessary.

5. It is the official duty of Board members to admonish violations whenever they observe any departure from these rules and regulations. They are fully empowered by the Florida Condominium Act and the basic Documents of the Senate to enforce same. They were elected to establish and maintain control over all condominium matters. Anyone who accepts office on the Board should make this a firm resolve.

III. Unit Restrictions

1. Apartments are for residential use only. Each of the units shall be occupied by an owner(s) and members of their immediate family (as below defined), their servants and guests or approved tenants. Children must be accompanied by an adult when using any recreational facility such as the pool.
2. Occupancy is governed by the housing code of the City of West Palm Beach. No more than one single family can occupy the same premises on a permanent basis. One family is defined as those related by blood or marriage. One or more persons related by blood, marriage or adoption constitute a single family. So does two unrelated persons living and cooking together as a single housekeeping unit. In addition, no owner shall allow occupancy of more than six (6) residents in a two bedroom unit. This includes owners and their guests, lessees and their guests or whatever. This means there are no co-owners, no co-lessees, no joint owners, and no joint lessees of separate families permitted as co-occupants. In particular, it restricts the use of units owned by Corporation(s) and those owners who have been approved by the Board.
3. Homeowners are required to own a minimum of one (1) year prior to renting. After the (1) one year waiting period, homeowners are allowed to lease their unit twice per year. No unit shall be leased for less than three (3) months. No unit shall be leased more than two (2) times in any twelve month period. Such twelve month periods shall commence on the first day of the calendar year. NO units may be sub-leased. Renewal of leases, for whatever period (annual, seasonal or other) are subject to the same procedure as when originally approved, except that no fee will be charged.
4. Children shall not be permitted to play or loiter in the hallways, stairways, elevators, walkways, driveways, parking areas or any other common area.
5. Limit the use of kitchen appliances that make noise (washers/dryers and garbage disposals) so as not to disturb neighbors who may be sleeping. Reasonable hours for such usage would be 9:00AM until 10:00PM.
6. No installation, repair or maintenance work requiring hammering or drilling, sawing or other similar noise-making shall be permitted after 10:00PM or before 8:00AM and at no time on Sundays or holidays. Entrance doors, interior doors and cabinet doors shall be closed with care to make the least possible noise. Self adhering felt pads are available at hardware stores for easy installation by owners.
7. Air conditioning units, water heaters and water supplied appliances are the responsibility of the owner. Damage(s) to neighboring units due to faulty appliances are the responsibility of the owner whose appliance malfunctioned. They should be serviced at regular intervals to insure proper operation and prevent damage to other units. This is singularly directed toward upper story owners.
8. Any unit that is vacant for seven (7) days or more MUST shut off the water valve to the unit. This valve is located in the hot water closet. Air conditioner must be let on but can be set at 80 degree. This is to prevent dangerous mold if any moisture is in the unit. \*

\*Approved by Board vote 8/20/2002

Resale – Owner(s) who wish to sell their apartment must have the prospective buyer(s) submit an application for approval of resale (available from the management company) with a copy of the Contract for Sale to the Board at least 30 days prior to the closing date of the sale. Investigation shall be made into the financial resources and personal character of the buyer(s). The Florida Condominium Act requires complete disclosure of documentation pertinent to the resale of the condominium unit. Owners, therefore, must provide prospective purchasers with a copy of the Declaration of Condominium, By-Laws, Rules and Regulations and other information dealing with the maintenance charges and similar budgetary data. The application shall be submitted to the Board for prompt attention. Their approval in recordable form is required to legally transfer title at the closing of the sale.

No entity may acquire title to more than two units at the Condominium. This does not apply to institutional mortgages.

2. The use of "For Rent", "For Sale", "open House" and similar signs are prohibited, both outdoors and visible through windows.
3. Leasing – Owners may lease their apartment no more than two (2) times in any twelve month period. Such twelve month periods shall commence on the first day of each year. The lessee may not occupy the unit until Board approval has been received by the owner. This also applies to the extension of leases with the same lesser and lessee.

The lease of any condominium unit shall be approved by a majority of the Board of Directors or by a member of the Board of Directors together with a representative of the Management Company.

Within thirty (30) days after receipt of proper notice the Association shall approve the transaction, disapprove the transaction for cause, specifying the cause in the notice of said disapproval or disapprove the transaction without cause. The owner must request in writing, with his application to lease or sell, that in the event of disapproval without cause, the Association furnish a purchaser or lessee approved by the Association and give notice to the owner. Without this request, the association shall be under no obligation to furnish a substitute purchaser/lessee.

4. Gratis Lending – A gratis lending is the occupancy of a unit by someone other than the owner or the owner's immediate family, without the owner present, unsupported by consideration or for a nominal consideration. Approval of the Board for a gratis lending is obtained as follows: Non Family Members – This shall be counted as a rental would be. This requires Board approval, in addition to written permission of the owner(s) prior to occupancy. Request for Board approval must be submitted on a fully executed affidavit for gratuitous Lending form (copy attached). These forms are available from the management company, the completed affidavit should be presented to the Board well in advance of your guests scheduled arrival so as to avoid any hindrance or embarrassment in their anticipated access to and use of the Senate facilities.

It should be noted that all provisions of the City of West Palm Beach ordinance governing single family dwellings will apply to all gratis lending situations.

Guests and visitors shall not be permitted to bring any pet onto the premises of the Senate, except that Seeing Eye dogs shall be exempted per Americans with Disabilities Act provision.

Owners remain financially responsible for their guest's behavior and actions and must instruct them in the proper use of parking spaces, recreational areas, trash disposal and other rules.

Owners will be held accountable for any unacceptable conduct of their guests while on the premises.

5. Policy – There is a \$100.00 fee for Board approval of resale’s and leases. There is no fee involved for the gratis lending of an apartment. The purpose of these rules is to maintain a community of congenial residents who are financially responsible. In this way the property value of all owners will be protected. The rules are similar to and patterned after procedures in affect at other Florida condominiums. The cooperation of all owners is therefore expected as a matter of self-interest and in fulfillment of their responsibility as owners of valuable property at the Senate.

XIV. MISCELLANEOUS RULES

1. No auto repairs are permitted.
2. Golf practice, badminton, volleyball, Frisbee throwing, croquet and other such games are not permitted anywhere in the common areas. Bird or animal feeders, which invite insect and rodent infestation, are also prohibited.
3. To insure your comfort and that of your neighbors, keep radios, television sets, sound equipment, pianos, organs, etc at reasonable volumes. Although unnecessary noise should be avoided at all time, be particularly considerate between the hours of 10:00pm and 8:00am.
4. Speed limit in the parking lot is 15 miles per hour. Use caution in entering and exiting.
5. Board meetings are not the place to introduce complaints. Such matter should be submitted in writing for prior consideration by the Board through the management company. Don't just complain – SUGGEST. While meetings of the Board are open to all owners, their participation in discussion matters before the Board is neither necessary nor desirable. Your members were elected to represent you. Let them do it. During Board meetings, the No Voice-No Vote rule applies as provided by Chapter 718 of the Florida Condominium Act. This means unit owners may observe but not comment on matters under consideration. However, there are occasions when it would be in the best interest of all concerned if owners were permitted to voice opinions at these sessions and thereby provide the gather and the Board officials with voluble input. The presiding officer may allow or disallow, such comments, according to his judgment. In any case, the meeting is being held to conduct the official business of the condominium and should not be disrupted merely to hear lengthy opinions or viewpoints.
6. A roster of officers and directors is kept at the offices of the management company. Per Florida Statutes 718.110, email addresses and telephone numbers are not accessible to owners or residents. Minutes of prior meetings are available for the inspection of unit owners per the Florida Condominium Act. Call the management company to review them.
7. Unit owners are advised to discuss condominium problems rationally with members of the Board of Directors. Organizing your thoughts and putting them in writing is the best way to get prompt attention and action. If no satisfaction is forthcoming from the Board unit owners may institute court action on his own or contact the Division of Land Sales and Condominium office in Hollywood, Florida by calling (954) 963-1440. The Department of Business Regulation, Division of Land Sales and Condominiums, further administers condominium complaints per Florida Statute 718, Chapter 710-15. Their address is the Johns Building, 725 South Bronough St., Tallahassee, FI 52301.
8. To avoid legal expenses for owners and the Association, internal deputes between unit owners and the Association arising from the operation of the Condominium may be resolved by voluntary binding arbitration rather than court proceedings. This is now permitted by Florida Statute 718.112, as amended April 21, 1982. The arbitration will be conducted by arbitrators employed by the State of Florida Division of Land Sales and Condominiums.
9. Assessments shall be payable monthly or in such other installments and at such times as may be fixed by the Board of Directors. All notices of assessments shall designate when they are due and payable. Assessments not paid within fifteen (15) days of the due date shall be assessed a \$10.00 late fee.
10. No structural changes or alterations within the condominium unit or any part of the building shall be permitted without prior written approval of the Board of Directors.
11. The maintenance and repair of all structural parts and of all facilities, equipment and appliances within each condominium unit, including doors, windows, walls, air conditioning/heating units, water heaters, drains, plumbing fixtures, etc. are the personal responsibility of the unit owner and at his personal expense.
12. Window dressing(s), particularly shades shall be so that the side facing out is white so all units' exterior appearances conform.
13. Unit owners are requested to use only liquid detergent in the washing machine or dishwasher. The least amount necessary to do the job should be used. The soft water creates access suds and if too much suds are created they can back up into the building.

From: Board of Directors  
Date: August 21, 2002

At a Board of Directors meeting on August 20, 2002 the following addition to the Rules and Regulations was approved.

Any unit that is vacant for seven (7) days or more MUST shut off the water valve to the unit. This valve is located in the hot water closet. Air conditioners must be left on but can be set at 80 degrees. This is to prevent dangerous mold if any moisture is in the unit.

This change is necessary because we recently had a leak in one apartment bathroom pipe that ultimately destroyed three units. We also strongly urge that you carry homeowners insurance on your unit.
