

Oaks East

TO: All Residents of Oaks East Homeowners Association, Inc.
FROM: Oaks East Homeowners Association, Inc.
RE: The **WCU (Weekly Community Update)** - E-Blast Communication System

In a continued effort to improve our community, we use an Eblast Communication System (**WCU**) that allows us to reach out to all residents via email at the click of a button. We utilize this method of communication to get out Alerts, Notices, and Updates. It also allows us to communicate much more easily, faster, and more economically. There are endless uses for it, and we truly believe that keeping that line of communication open is vital for the wellness of our community.

To opt-in please supply your email address; please print legibly.

Your email address and personal information will be confidential. All Eblasts will be blind copied to the owners who participate so your own email address cannot be shared with any others.

Cordially,

Oaks East Homeowners Association Inc., Board of Directors

I hereby give my permission for Oaks East Homeowners Association Inc. and GRS Management Associates to send me emails for the purpose of updating me on community events, receiving meeting notices and other communications. I understand it is my responsibility to notify GRS Management in the event that my e-mail changes. I understand that GRS Management will not be held responsible for notices that are sent and not received or are received in a "spam" folder. I understand that I can opt out of the Eblast program by sending my request in writing to GRS Management associates.
