

The bulb can be replaced with either:

An INTEGRATED bulb (has the light sensor right in the bulb). Dusk to Dawn, LED, 2700K, soft white, non-dimmable, indoor-outdoor bulb.

OR

A screw in Dusk to Dawn auto light sensor adapter combined **with** a LED, 800 lumens, 2700K, soft white, indoor-outdoor bulb that will then screw into the adapter.

If you have any questions, please feel free to call or email ~~Gar. Gray 561-570-0146~~ or ~~_____~~

Sincerely,

The Board of Directors
The Moorings of Aberdeen HOA, Inc.
