

(b) Reasonable attorney's fees, costs and expenses incurred in the filing of a Satisfaction of Lien;

(c) Reasonable attorney's fees, costs and expenses incurred in the preparation and sending of any Notice of Intent to Lien and Notice of Intent to Foreclose; and

(d) Reasonable attorney's fees, costs and expenses incurred in any action pursuing collection of such unpaid Assessments or violation by a Member or their guests and invitees of any part of The Bridges Documents.

Section 7. Officers of the Association

7.1. Executive officers of the Association shall be the President, who shall be a Director, one or more Vice Presidents, a Treasurer and a Secretary, all of whom shall be elected annually by the Board. Any officer may be removed without cause from office by vote of a majority of the Directors at any meeting of the Board. The Board may, from time to time, elect such other officers and assistant officers and designate their powers and duties as the Board shall find to be required to manage the affairs of the Association. One person may hold any two offices simultaneously, except when the functions of such offices are incompatible, but no person shall hold the office of President and any other office simultaneously.

7.2. The President shall be the chief executive officer of the Association. He or she shall have all of the powers and duties which are usually vested in the office of the President of an association or a corporation not for profit, including, but not limited to, the power to appoint such committees from among the Members at such times as he or she may, in his or her discretion, determine appropriate to assist in the conduct of the affairs of the Association. If in attendance, the President ("Chairman") shall preside at all meetings of the Board and the Members; provided, however, that the President may appoint a substitute.

7.3. In the absence or disability of the President, a Vice President shall exercise the powers and perform the duties of the President. If there is more than one (1) Vice President, the Board shall designate which Vice President is to perform which duties. The Vice President(s) shall also generally assist the President and exercise such other powers and perform such other duties as shall be prescribed by the Board. In the event there shall be more than one Vice President elected by the Board, then they shall be designated "First," "Second," *etc.*, and shall exercise the powers and perform the duties of the presidency in such order.

7.4. The Secretary shall keep the minutes of all meetings of the Board and the Members, which minutes shall be kept in a businesslike manner and be available for inspection by Members and Directors at all reasonable times. The Secretary shall have custody of the seal of the Association and affix the same to instruments requiring such seal when duly authorized and directed to do so. The Secretary shall be custodian for the corporate records of the Association, except those of the Treasurer, and shall perform all of the duties incident to the office of Secretary of the Association as may be required by the Board or the President. The Assistant Secretary, if any, shall perform the duties of the Secretary when the Secretary is absent and shall assist the Secretary under the supervision of the Secretary.

7.5. The Treasurer shall have custody of all of the monies of the Association, including funds, securities and evidences of indebtedness. The Treasurer shall keep the assessment rolls and accounts of the Members and shall keep the books of the Association in accordance with good accounting practices and he or she shall perform all of the duties incident to the office of the Treasurer.

The Assistant Treasurer, if any, shall perform the duties of the Treasurer when the Treasurer is absent and shall assist the Treasurer under the supervision of the Treasurer.

7.6. The compensation, if any, of the Directors, officers, committee members and other employees of the Association shall be fixed by the Board. Directors and officers shall not receive any compensation from the Association for acting in such capacity or capacities, unless approved by a majority vote of the Members at a Meeting. This provision shall not preclude the Board from hiring a Director or Officer as an employee of the Association or preclude contracting with a Director or Officer, or a party affiliated with a Director or Officer for the management or performance of contract services for all or any part of The Bridges.

Section 8. Resignations; Vacancy; Removal

8.1 Any Director or officer may resign his or her post at any time by written resignation, delivered to the President or Secretary, which shall take effect upon its receipt unless a later date is specified in the resignation, in which event the resignation shall be effective from such date unless withdrawn. The acceptance of a resignation shall not be required to make it effective. The conveyance of all Lots owned by any Director or officer (other than appointees of Declarant) shall constitute a written resignation of such Director or officer.

8.2 Except when contrary to the HOA Act, when a vacancy occurs on the Board, the vacancy shall be filled by the remaining members of the Board at any meeting by electing a person who shall serve the remaining portion of the unexpired term, provided that all vacancies in directorships to which Directors are appointed by Declarant pursuant to the provisions of The Bridges Documents shall be filled only by the Declarant and without the necessity of any meeting.

8.3 Any Director elected by the Members (other than the Declarant) may be removed by concurrence of a majority of voting interest of all of the Members (other than the Declarant) at a Special Meeting of Members called for that purpose, by written agreement signed by a majority of all such Members' voting interest or by written ballot without a Meeting in accordance with the HOA Act. The vacancy of the Board so created shall be filled in accordance with the procedures specified in the HOA Act.

8.4 When a vacancy occurs in an office for any cause, the office shall be filled by the Board at any meeting.

Section 9. Accounting Records; Fiscal Management

9.1. The Association shall prepare financial reports and maintain accounting records in accordance with the HOA Act. The accounting records of the Association shall be open to inspection by Members and Institutional Mortgagees or their respective authorized representatives at reasonable times and in accordance with, but subject to the limitations of, the HOA Act. Such authorization as a representative of a Member must be in writing and signed by the person giving the authorization and dated within sixty (60) days of the date of the inspection. Such records shall include, but not be limited to: (i) a record of all receipts and expenditures; (ii) an account for each Lot within The Bridges which shall designate the name and address of the Owner thereof, the amount of Individual Lot Assessments and all other Assessments, if any, charged to the Lot, the amounts and due dates for payment of same, the amounts paid upon the account and the dates paid, and the balance due; (iii) any tax returns, financial statements and financial reports of the Association; and (iv) any other non-privileged records that identify, measure, record or communicate financial information.

9.2. The Board shall adopt a Budget (as defined and provided for in the Declaration) of the anticipated Operating Expenses for each forthcoming calendar year (the fiscal year of the

Association being the calendar year) at a special meeting of the Board ("Budget Meeting") called for that purpose to be held during the month of November of the year preceding the year to which the Budget applies. Prior to the Budget Meeting, a proposed Budget for the Operating Expenses shall be prepared by or on behalf of the Board. Within thirty (30) days after adoption of the Budget, the Association shall provide each Member with notice of the Individual Lot Assessment applicable to his or her Lot(s) and either: (a) a copy of the Budget, or (b) a written notice that a copy of the Budget is available upon request at no charge to the Members. If so requested by a Member, a copy thereof shall be furnished to each requesting Member within ten (10) business days after the Association's receipt of the written request. The copy of the Budget, if requested, shall be deemed furnished and the notice of the Individual Lot Assessment shall be deemed given upon its delivery or upon its being mailed to the Owner shown on the records of the Association at such Owner's last known address as shown on the records of the Association.

9.3. In administering the finances of the Association, the following procedures shall govern: (i) the fiscal year shall be the calendar year; (ii) any monies received by the Association in any calendar year may be used by the Association to pay expenses incurred; (iii) there shall be apportioned between calendar years on a *pro rata* basis any expenses which are prepaid in any one calendar year for Operating Expenses which cover more than such calendar year; (iv) Assessments shall be made quarterly in amounts no less than are required to provide funds in advance for payment of all of the anticipated current Operating Expenses and for all unpaid Operating Expenses previously incurred; and (v) items of Operating Expenses incurred in a calendar year shall be charged against income for the same calendar year regardless of when the bill for such expenses is received. Notwithstanding the foregoing, the Assessments for Operating Expenses and any periodic installments thereof shall be of sufficient magnitude to insure an adequacy and availability of cash to meet all budgeted expenses in any calendar year as such expenses are incurred in accordance with the cash basis method of accounting.

9.4. Individual Lot Assessments shall be payable as provided in the Declaration.

9.5. No Board shall be required to anticipate revenue from Assessments or expend funds to pay for Operating Expenses not budgeted or which shall exceed budgeted items, and no Board is required to engage in deficit spending. Should there exist any deficiency which results from there being greater Operating Expenses than monies from Assessments, then such deficits shall be carried into the next succeeding year's Budget as a deficiency or shall be the subject of a Special Assessment or an upward adjustment to the Budget and Individual Lot Assessment, as amended by the Board.

9.6. The depository of the Association shall be such bank or banks as shall be designated from time to time by the Board in which the monies of the Association shall be deposited. Withdrawal of monies from such account shall be only by checks signed by such persons as are authorized by the Board.

9.7. A report of the accounts of the Association shall be made annually by an accountant and a copy of the report shall be furnished to each Member who requests same in writing no later than the first day of April of the year following the year for which the report is made. The report shall be deemed to be furnished to the Member upon its delivery or mailing to the Owner at such Owner's last known address as shown on the records of the Association.

Section 10. Rules and Regulations

The Board may at any meeting of the Board adopt rules and regulations or amend, modify or rescind, in whole or in part, then existing rules and regulations for the operation of The Bridges; provided, however, that such rules and regulations are not inconsistent with the terms or provisions of The Bridges Documents. Copies of any rules and regulations promulgated, amended or rescinded shall be mailed or delivered to all Members at the last known address for such Members as shown on the records of the

Association at the time of such delivery or mailing and shall not take effect until forty-eight (48) hours after such delivery or mailing, or, in the event both forms of notification are used, whichever is later. Notwithstanding the foregoing, when rules and regulations are to regulate the use of a specific portion of the Association Property, same shall be conspicuously posted at such facility and such rules and regulations shall be effective immediately upon such posting. Care shall be taken to insure that posted rules and regulations are conspicuously displayed and easily readable and that posted signs or announcements are designed with a view toward protection from weather and the elements. Posted rules and regulations which are torn down or lost shall be promptly replaced.

Section 11. Parliamentary Rules

The then latest edition of Robert's Rules of Order shall govern the conduct of all meetings of the Members and the Board; provided, however, if such rules of order are in conflict with any of The Bridges Documents or Chapters 617 and 720 Florida Statutes, Robert's Rules of Order shall yield to the provisions of such instrument(s)

Section 12. Roster of Owners

Each Owner shall file with the Association a copy of the recorded deed or other document showing his or her ownership interest in The Bridges. The Association shall maintain such information. The Association shall also maintain the electronic mailing addresses and numbers of those Owners consenting to receive notice by electronic transmission. The electronic mailing address and numbers provided by Owners consenting to receive notice by electronic transmission shall be removed from Association records when consent to receive notice by electronic transmission is revoked. The Association may rely on the accuracy of such information for all purposes until notified in writing of changes therein. Unless otherwise requested in writing, all numbers and electronic mailing addresses shall constitute a part of the official records of the Association and provided to any Member who makes a proper request to inspect such official records of the Association and/or as part of published membership directories of the Association.

Section 13. Amendment of the Bylaws

13.1. These Bylaws may be amended as hereinafter set forth in this Section 13.

13.2. After the Turnover Date, any Bylaw of the Association may be amended or repealed, and any new Bylaw of the Association may be adopted by either:

(i) a majority vote of the Members who appear in person or by proxy at any Annual Members' Meeting or any special meeting of the Members called for that purpose or by majority action of the Members who have acted by written response in lieu of a Meeting as permitted by these Bylaws; or

(ii) by the affirmative vote of a majority of the Directors then in office at any regular meeting of the Board or at any special meeting of the Board called for that purpose or by written instrument signed by all of the Directors as is permitted by these Bylaws, provided that the Directors shall not have any authority to adopt, amend or repeal any Bylaw if such new Bylaw or such amendment or the repeal of a Bylaw would be inconsistent with any Bylaw previously adopted by the Members.

13.3. Notwithstanding any of the foregoing provisions of this Section 13 to the contrary, until the Turnover Date, all amendments or modifications to these Bylaws and adoption or repeal of Bylaws shall only be made by action of the First Board as described in the Articles, which First Board shall have the power to amend, modify, adopt and repeal any Bylaws without the requirement of any consent, approval or vote of the Members.

13.4. Notwithstanding the foregoing provisions of this Section 13, there shall be no amendment to these Bylaws which shall abridge, prejudice, amend or alter the rights of: (i) Declarant, without the prior written consent thereto by Declarant; or (ii) any Institutional Mortgagee without the prior written consent of such Institutional Mortgagee; nor shall any other amendment to these Bylaws be adopted or become effective without the prior written consent of Declarant for so long as Declarant holds either a leasehold interest in or title to at least one (1) Lot.

13.5. Any instrument amending, modifying, repealing or adding Bylaws shall identify the particular section or sections affected and give the exact language of such modification, amendment or addition or of the provisions repealed. A copy of each such amendment, modification, repeal or addition attested to by the Secretary or Assistant Secretary of the Association shall be recorded amongst the Public Records of the County.

Section 14. Mediation

If and to the extent required by the HOA Act, mandatory mediation before the Department of Business and Professional Regulation (the "Department") shall be required prior to institution of court litigation for disputes involving certain actions or inactions, as described in the HOA Act.

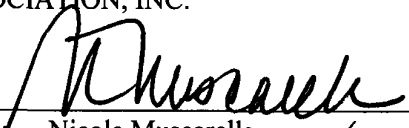

Section 15. Recall of Board Members and Election Disputes

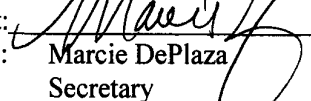

If and to the extent required by the HOA Act, mandatory binding arbitration before the Department shall be required for election disputes and disputes involving the recall of any member of the Board. Any member of the member elected Board may be recalled and removed from office as provided for and described in the HOA Act.

Section 16. Interpretation

In the case of any conflict between the Articles and these Bylaws, the Articles shall control; and in the case of any conflict between the Declaration and these Bylaws, the Declaration shall control; and in the event of any conflict between the Articles and the Declaration, the Declaration shall control.

This is to notify you of the District's agency action concerning Permit Application No. 110610-5, dated June 10, 2011. This action is taken pursuant to the provisions of Chapter 373, Part IV, Florida Statutes (F.S.), and the Operation Agreement Concerning Regulation Under Part IV, Chapter 373 F.S., between South Florida Water Management District and the Department of Environmental Protection.

Based on the information provided, District rules have been adhered to and an Environmental Resource Permit Modification is in effect for this project subject to:

1. Not receiving a filed request for an administrative hearing pursuant to Section 120.5 and Section 120.569, or request a judicial review pursuant Section 120.68, Florida Statutes.
2. The attached 19 General Conditions.
3. The attached 17 Special Conditions.
4. The attached 5 Exhibits.

Should you object to these conditions, please refer to the attached "Notice of Rights" which addresses the procedures to be followed if you desire a public hearing or other review of the proposed agency action. Should you wish to object to the proposed agency action or file a petition, please provide written objections, petitions and/or waivers to:

Elizabeth Veguilla, Deputy Clerk, MSC2440
South Florida Water Management District
Post Office Box 24680
West Palm Beach, FL 33416-4680

Please contact this office if you have any questions concerning this matter. If we do not hear from you in accordance with the "Notice of Rights", we will assume that you concur with the District's action.

CERTIFICATION OF SERVICE

I HEREBY CERTIFY that the Staff Report, Conditions and Notice of Rights have been mailed to the Permittee (and the persons listed on the attached staff report distribution list) no later than 5:00 p.m. on this 19th day of July, 2011, in accordance with Section 120.60(3), Florida Statutes, and a copy has been filed and acknowledged with the Deputy District Clerk.

SPECIAL CONDITIONS

1. The conceptual phase of this permit shall expire on July 18, 2013.
The construction phase of this permit shall expire on July 18, 2016.
2. Operation of the surface water management system shall be the responsibility of THE BRIDGES HOMEOWNERS ASSOCIATION, INC.. Within one year of permit issuance or concurrent with the engineering certification of construction completion, whichever comes first, the permittee shall submit a copy of the recorded deed restrictions (or declaration of condominium, if applicable), a copy of the filed articles of incorporation, and a copy of the certificate of incorporation for the association.
3. Discharge Facilities:

Structure: CS #1

1-1.2' W X 1' H TRIANGULAR ORIFICE with invert at elev. 16' NGVD 29.
1-1.2' W X 1.3' H RECTANGULAR NOTCH with invert at elev. 17' NGVD 29.

Receiving body : LWDD L-38 Canal
Control elev : 16 feet NGVD 29.

Structure: CS #2

1-1.2' W X 1' H TRIANGULAR ORIFICE with invert at elev. 16' NGVD 29.
1-1.2' W X 1.3' H RECTANGULAR NOTCH with invert at elev. 17' NGVD 29.

Receiving body : LWDD L-38 Canal
Control elev : 16 feet NGVD 29.
4. The permittee shall be responsible for the correction of any erosion, shoaling or water quality problems that result from the construction or operation of the surface water management system.
5. Measures shall be taken during construction to insure that sedimentation and/or turbidity violations do not occur in the receiving water.
6. The District reserves the right to require that additional water quality treatment methods be incorporated into the drainage system if such measures are shown to be necessary.
7. Lake side slopes shall be no steeper than 4:1 (horizontal:vertical) to a depth of two feet below the control elevation. Side slopes shall be nurtured or planted from 2 feet below to 1 foot above control elevation to insure vegetative growth, unless shown on the plans.
8. Facilities other than those stated herein shall not be constructed without an approved modification of this permit.
9. A stable, permanent and accessible elevation reference shall be established on or within one hundred (100) feet of all permitted discharge structures no later than the submission of the certification report. The location of the elevation reference must be noted on or with the certification report.
10. The permittee shall provide routine maintenance of all of the components of the surface water management system in order to remove all trapped sediments/debris. All materials shall be properly disposed of as required by law. Failure to properly maintain the system may result in adverse flooding conditions.
11. This permit is issued based on the applicant's submitted information which reasonably demonstrates that adverse water resource related impacts will not be caused by the completed permit activity. Should any adverse impacts caused by the completed surface water management system occur, the District will require the permittee to provide appropriate

mitigation to the District or other impacted party. The District will require the permittee to modify the surface water management system, if necessary, to eliminate the cause of the adverse impacts.

12. The permittee acknowledges that, pursuant to Rule 40E-4.101(2), F.A.C., a notice of Environmental Resource or Surface Water Management Permit may be recorded in the county public records. Pursuant to the specific language of the rule, this notice shall not be considered an encumbrance upon the property.
13. If prehistoric or historic artifacts, such as pottery or ceramics, stone tools or metal implements, dugout canoes, or any other physical remains that could be associated with Native American cultures, or early colonial or American settlement are encountered at any time within the project site area, the permitted project should cease all activities involving subsurface disturbance in the immediate vicinity of such discoveries. The permittee, or other designee, should contact the Florida Department of State, Division of Historical Resources, Review and Compliance Section at (850) 245-6333 or (800) 847-7278, as well as the appropriate permitting agency office. Project activities should not resume without verbal and/or written authorization from the Division of Historical Resources. In the event that unmarked human remains are encountered during permitted activities, all work shall stop immediately and the proper authorities notified in accordance with Section 872.05, Florida Statutes.
14. Minimum building floor elevation: BASIN: The Bridges - 20.50 feet NGVD 29.
15. Minimum road crown elevation: Basin: The Bridges - 18.50 feet NGVD 29.
16. The operable structure shall remain locked at all times unless specific approval is granted by the Lake Worth Drainage District for its operation. At no time shall the structure be operated to bypass the water quality detention requirements or to lower the lake levels below the permitted control elevation for the project. If for whatever reason, it is determined that the permittee has not complied with the directives of the Lake Worth Drainage District, and/or has operated the structure contrary to the intended purpose of an emergency outflow (when canal conditions permit), the structure shall be modified to permanently prevent operation of the structure. In addition, the structure shall be equipped with a locking mechanism to prevent unauthorized use. A staff gage shall be installed upstream of the structure so that lake levels within the project can be quickly determined.
17. Concurrent with submission of the construction completion certification (as required by General Condition No. 6), the permittee shall provide the following information pertaining to the as-built condition of the operable water control structure:
 - 1) One (1) digital photograph of the operable water control structure (.jpg format).
 - 2) GPS Coordinates of the center of the operable water control structure referenced to US State Plane 1983, Florida East 0901. (MSWord or MSEXcel)
 - 3) Description of as-built geometry of the operable water control structure (MSWord or MSEXcel).
 - 4) Narrative describing the access to and location of the operable water control structure (MSWord).

All of the information listed above shall be submitted in electronic form (e-mail, cd or floppy disk) to the Environmental Resource Compliance Bureau and reference the Application No.110610-5 and Permit No. 50-07434-P.

GENERAL CONDITIONS

1. All activities authorized by this permit shall be implemented as set forth in the plans, specifications and performance criteria as approved by this permit. Any deviation from the permitted activity and the conditions for undertaking that activity shall constitute a violation of this permit and Part IV, Chapter 373, F.S.
2. This permit or a copy thereof, complete with all conditions, attachments, exhibits, and modifications shall be kept at the work site of the permitted activity. The complete permit shall be available for review at the work site upon request by District staff. The permittee shall require the contractor to review the complete permit prior to commencement of the activity authorized by this permit.
3. Activities approved by this permit shall be conducted in a manner which does not cause violations of State water quality standards. The permittee shall implement best management practices for erosion and pollution control to prevent violation of State water quality standards. Temporary erosion control shall be implemented prior to and during construction, and permanent control measures shall be completed within 7 days of any construction activity. Turbidity barriers shall be installed and maintained at all locations where the possibility of transferring suspended solids into the receiving waterbody exists due to the permitted work. Turbidity barriers shall remain in place at all locations until construction is completed and soils are stabilized and vegetation has been established. All practices shall be in accordance with the guidelines and specifications described in Chapter 6 of the Florida Land Development Manual; A Guide to Sound Land and Water Management (Department of Environmental Regulation, 1988), incorporated by reference in Rule 40E-4.091, F.A.C. unless a project-specific erosion and sediment control plan is approved as part of the permit. Thereafter the permittee shall be responsible for the removal of the barriers. The permittee shall correct any erosion or shoaling that causes adverse impacts to the water resources.
4. The permittee shall notify the District of the anticipated construction start date within 30 days of the date that this permit is issued. At least 48 hours prior to commencement of activity authorized by this permit, the permittee shall submit to the District an Environmental Resource Permit Construction Commencement Notice Form Number 0960 indicating the actual start date and the expected construction completion date.
5. When the duration of construction will exceed one year, the permittee shall submit construction status reports to the District on an annual basis utilizing an annual status report form. Status report forms shall be submitted the following June of each year.
6. Within 30 days after completion of construction of the permitted activity, the permittee shall submit a written statement of completion and certification by a professional engineer or other individual authorized by law, utilizing the supplied Environmental Resource/Surface Water Management Permit Construction Completion/Certification Form Number 0881A, or Environmental Resource/Surface Water Management Permit Construction Completion Certification - For Projects Permitted prior to October 3, 1995 Form No. 0881B, incorporated by reference in Rule 40E-1.659, F.A.C. The statement of completion and certification shall be based on onsite observation of construction or review of as-built drawings for the purpose of determining if the work was completed in compliance with permitted plans and specifications. This submittal shall serve to notify the District that the system is ready for inspection. Additionally, if deviation from the approved drawings are discovered during the certification process, the certification must be accompanied by a copy of the approved permit drawings with deviations noted. Both the original and revised specifications must be clearly shown. The plans must be clearly labeled as "as-built" or "record" drawings. All surveyed dimensions and elevations shall be certified by a registered surveyor.
7. The operation phase of this permit shall not become effective: until the permittee has complied with the requirements of condition (6) above, and submitted a request for conversion of Environmental Resource Permit from Construction Phase to Operation Phase, Form No. 0920; the District determines the system to be in compliance with the permitted plans and specifications; and the entity approved by the District in accordance with Sections 9.0 and 10.0 of the Basis of Review for Environmental Resource Permit Applications within the South Florida Water Management District, accepts responsibility for operation and maintenance of the system. The permit shall not be transferred to such approved operation and maintenance entity until the operation phase of the permit becomes effective. Following inspection and approval of the permitted system by the District, the permittee shall initiate transfer of the permit to the approved

responsible operating entity if different from the permittee. Until the permit is transferred pursuant to Section 40E-1.6107, F.A.C., the permittee shall be liable for compliance with the terms of the permit.

8. Each phase or independent portion of the permitted system must be completed in accordance with the permitted plans and permit conditions prior to the initiation of the permitted use of site infrastructure located within the area served by that portion or phase of the system. Each phase or independent portion of the system must be completed in accordance with the permitted plans and permit conditions prior to transfer of responsibility for operation and maintenance of the phase or portion of the system to a local government or other responsible entity.
9. For those systems that will be operated or maintained by an entity that will require an easement or deed restriction in order to enable that entity to operate or maintain the system in conformance with this permit, such easement or deed restriction must be recorded in the public records and submitted to the District along with any other final operation and maintenance documents required by Sections 9.0 and 10.0 of the Basis of Review for Environmental Resource Permit applications within the South Florida Water Management District, prior to lot or units sales or prior to the completion of the system, whichever comes first. Other documents concerning the establishment and authority of the operating entity must be filed with the Secretary of State, county or municipal entities. Final operation and maintenance documents must be received by the District when maintenance and operation of the system is accepted by the local government entity. Failure to submit the appropriate final documents will result in the permittee remaining liable for carrying out maintenance and operation of the permitted system and any other permit conditions.
10. Should any other regulatory agency require changes to the permitted system, the permittee shall notify the District in writing of the changes prior to implementation so that a determination can be made whether a permit modification is required.
11. This permit does not eliminate the necessity to obtain any required federal, state, local and special district authorizations prior to the start of any activity approved by this permit. This permit does not convey to the permittee or create in the permittee any property right, or any interest in real property, nor does it authorize any entrance upon or activities on property which is not owned or controlled by the permittee, or convey any rights or privileges other than those specified in the permit and Chapter 40E-4 or Chapter 40E-40, F.A.C..
12. The permittee is hereby advised that Section 253.77, F.S. states that a person may not commence any excavation, construction, or other activity involving the use of sovereign or other lands of the State, the title to which is vested in the Board of Trustees of the Internal Improvement Trust Fund without obtaining the required lease, license, easement, or other form of consent authorizing the proposed use. Therefore, the permittee is responsible for obtaining any necessary authorizations from the Board of Trustees prior to commencing activity on sovereign lands or other state-owned lands.
13. The permittee must obtain a Water Use permit prior to construction dewatering, unless the work qualifies for a general permit pursuant to Subsection 40E-20.302(3), F.A.C., also known as the "No Notice" Rule.
14. The permittee shall hold and save the District harmless from any and all damages, claims, or liabilities which may arise by reason of the construction, alteration, operation, maintenance, removal, abandonment or use of any system authorized by the permit.
15. Any delineation of the extent of a wetland or other surface water submitted as part of the permit application, including plans or other supporting documentation, shall not be considered binding, unless a specific condition of this permit or a formal determination under Section 373.421(2), F.S., provides otherwise.
16. The permittee shall notify the District in writing within 30 days of any sale, conveyance, or other transfer of ownership or control of a permitted system or the real property on which the permitted system is located. All transfers of ownership or transfers of a permit are subject to the requirements of Rules 40E-1.6105 and 40E-1.6107, F.A.C.. The permittee transferring the permit shall remain liable for corrective actions that may be required as a result of any violations prior to the sale, conveyance or other transfer of the system.
17. Upon reasonable notice to the permittee, District authorized staff with proper identification shall have permission to enter, inspect, sample and test the system to insure conformity with the plans and specifications approved by the permit.

18. If historical or archaeological artifacts are discovered at any time on the project site, the permittee shall immediately notify the appropriate District service center.
19. The permittee shall immediately notify the District in writing of any previously submitted information that is later discovered to be inaccurate.

ENVIRONMENTAL RESOURCE PERMITS CHAPTER 40E-4 (01/07)

40E-4.321 Duration of Permits.

(1) Unless revoked or otherwise modified the duration of an environmental resource permit issued under this chapter or Chapter 40E-40, F.A.C., is as follows:

(a) For a conceptual approval, two years from the date of issuance or the date specified as a condition of the permit, unless within that period an application for an individual or standard general permit is filed for any portion of the project. If an application for an environmental resource permit is filed, then the conceptual approval remains valid until final action is taken on the environmental resource permit application. If the application is granted, then the conceptual approval is valid for an additional two years from the date of issuance of the permit. Conceptual approvals which have no individual or standard general environmental resource permit applications filed for a period of two years shall expire automatically at the end of the two year period.

(b) For a conceptual approval filed concurrently with a development of regional impact (DRI) application for development approval (ADA) and a local government comprehensive plan amendment, the duration of the conceptual approval shall be two years from whichever one of the following occurs at the latest date:

1. The effective date of the local government's comprehensive plan amendment,
2. The effective date of the local government development order,
3. The date on which the District issues the conceptual approval, or 4. The date on which the District issues a final order pertaining to the resolution of any Section 120.57, F.S., administrative proceeding or other legal appeals.

(c) For an individual or standard general environmental resource permit, the construction phase authorizing construction, removal, alteration or abandonment of a system shall expire five years from the date of issuance or such amount of time as made a condition of the permit.

(d) For an individual or standard general environmental resource permit, the operational phase of the permit is perpetual for operation and maintenance.

(e) For a noticed general permit issued pursuant to Chapter 40E-400, F.A.C., five years from the date the notice of intent to use the permit is provided to the District.

(2)(a) Unless prescribed by special permit condition, permits expire automatically according to the timeframes indicated in this rule. If application for extension is made by electronic mail at the District's e-Permitting website or in writing pursuant to subsection (3), the permit shall remain in full force and effect until:

1. The Governing Board takes action on an application for extension of an individual permit, or
2. Staff takes action on an application for extension of a standard general permit.

(b) Installation of the project outfall structure shall not constitute a vesting of the permit.

(3) The permit extension shall be issued provided that a permittee files a written request with the District showing good cause prior to the expiration of the permit. For the purpose of this rule, good cause shall mean a set of extenuating circumstances outside of the control of the permittee. Requests for extensions, which shall include documentation of the extenuating circumstances and how they have delayed this project, will not be accepted more than 180 days prior to the expiration date.

(4) Substantial modifications to Conceptual Approvals will extend the duration of the Conceptual Approval for two years from the date of issuance of the modification. For the purposes of this section, the term "substantial modification" shall mean a modification which is reasonably expected to lead to substantially different water resource or environmental impacts which require a detailed review.

(5) Substantial modifications to individual or standard general environmental resource permits issued pursuant to a permit application extend the duration of the permit for three years from the date of issuance of the modification. Individual or standard general environmental resource permit modifications do not extend the duration of a conceptual approval.

(6) Permit modifications issued pursuant to paragraph 40E-4.331(2)(b), F.A.C. (letter modifications) do not extend the duration of the permit.

(7) Failure to complete construction or alteration of the surface water management system and obtain operation phase approval from the District within the permit duration shall require a new permit authorization in order to continue construction unless a permit extension is granted.

NOTICE OF RIGHTS

As required by Sections 120.569(1), and 120.60(3), Fla. Stat., following is notice of the opportunities which may be available for administrative hearing or judicial review when the substantial interests of a party are determined by an agency. Please note that this Notice of Rights is not intended to provide legal advice. Not all the legal proceedings detailed below may be an applicable or appropriate remedy. You may wish to consult an attorney regarding your legal rights.

RIGHT TO REQUEST ADMINISTRATIVE HEARING

A person whose substantial interests are or may be affected by the South Florida Water Management District's (SFWMD or District) action has the right to request an administrative hearing on that action pursuant to Sections 120.569 and 120.57, Fla. Stat. Persons seeking a hearing on a District decision which does or may determine their substantial interests shall file a petition for hearing with the District Clerk within 21 days of receipt of written notice of the decision, unless one of the following shorter time periods apply: 1) within 14 days of the notice of consolidated intent to grant or deny concurrently reviewed applications for environmental resource permits and use of sovereign submerged lands pursuant to Section 373.427, Fla. Stat.; or 2) within 14 days of service of an Administrative Order pursuant to Subsection 373.119(1), Fla. Stat. "Receipt of written notice of agency decision" means receipt of either written notice through mail, or electronic mail, or posting that the District has or intends to take final agency action, or publication of notice that the District has or intends to take final agency action. Any person who receives written notice of a SFWMD decision and fails to file a written request for hearing within the timeframe described above waives the right to request a hearing on that decision.

Filing Instructions

The Petition must be filed with the Office of the District Clerk of the SFWMD. Filings with the District Clerk may be made by mail, hand-delivery or facsimile. **Filings by e-mail will not be accepted.** Any person wishing to receive a clerked copy with the date and time stamped must provide an additional copy. A petition for administrative hearing is deemed filed upon receipt during normal business hours by the District Clerk at SFWMD headquarters in West Palm Beach, Florida. Any document received by the office of the SFWMD Clerk after 5:00 p.m. shall be filed as of 8:00 a.m. on the next regular business day. Additional filing instructions are as follows:

- Filings by mail must be addressed to the Office of the SFWMD Clerk, P.O. Box 24680, West Palm Beach, Florida 33416.
- Filings by hand-delivery must be delivered to the Office of the SFWMD Clerk. **Delivery of a petition to the SFWMD's security desk does not constitute filing. To ensure proper filing, it will be necessary to request the SFWMD's security officer to contact the Clerk's office.** An employee of the SFWMD's Clerk's office will receive and file the petition.
- Filings by facsimile must be transmitted to the SFWMD Clerk's Office at (561) 682-6010. Pursuant to Subsections 28-106.104(7), (8) and (9), Fla. Admin. Code, a party who files a document by facsimile represents that the original physically signed document will be retained by that party for the duration of that proceeding and of any subsequent appeal or subsequent proceeding in that cause. Any party who elects to file any document by facsimile shall be responsible for any delay, disruption, or interruption of the electronic signals and accepts the full risk that the document may not be properly filed with the clerk as a result. The filing date for a document filed by facsimile shall be the date the SFWMD Clerk receives the complete document.

Initiation of an Administrative Hearing

Pursuant to Rules 28-106.201 and 28-106.301, Fla. Admin. Code, initiation of an administrative hearing shall be made by written petition to the SFWMD in legible form and on 8 and 1/2 by 11 inch white paper. All petitions shall contain:

1. Identification of the action being contested, including the permit number, application number, District file number or any other SFWMD identification number, if known.
2. The name, address and telephone number of the petitioner and petitioner's representative, if any.
3. An explanation of how the petitioner's substantial interests will be affected by the agency determination.
4. A statement of when and how the petitioner received notice of the SFWMD's decision.
5. A statement of all disputed issues of material fact. If there are none, the petition must so indicate.
6. A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the SFWMD's proposed action.
7. A statement of the specific rules or statutes the petitioner contends require reversal or modification of the SFWMD's proposed action.
8. If disputed issues of material fact exist, the statement must also include an explanation of how the alleged facts relate to the specific rules or statutes.
9. A statement of the relief sought by the petitioner, stating precisely the action the petitioner wishes the SFWMD to take with respect to the SFWMD's proposed action.

A person may file a request for an extension of time for filing a petition. The SFWMD may, for good cause, grant the request. Requests for extension of time must be filed with the SFWMD prior to the deadline for filing a petition for hearing. Such requests for extension shall contain a certificate that the moving party has consulted with all other parties concerning the extension and that the SFWMD and any other parties agree to or oppose the extension. A timely request for extension of time shall toll the running of the time period for filing a petition until the request is acted upon.

If the District takes action with substantially different impacts on water resources from the notice of intended agency decision, the persons who may be substantially affected shall have an additional point of entry pursuant to Rule 28-106.111, Fla. Admin. Code, unless otherwise provided by law.

Mediation

The procedures for pursuing mediation are set forth in Section 120.573, Fla. Stat., and Rules 28-106.111 and 28-106.401-405, Fla. Admin. Code. The SFWMD is not proposing mediation for this agency action under Section 120.573, Fla. Stat., at this time.

RIGHT TO SEEK JUDICIAL REVIEW

Pursuant to Sections 120.60(3) and 120.68, Fla. Stat., a party who is adversely affected by final SFWMD action may seek judicial review of the SFWMD's final decision by filing a notice of appeal pursuant to Florida Rule of Appellate Procedure 9.110 in the Fourth District Court of Appeal or in the appellate district where a party resides and filing a second copy of the notice with the SFWMD Clerk within 30 days of rendering of the final SFWMD action.
