THE BRIDGES HOMEOWNERS ASSOCIATION, INC RULES AND REGULATIONS

GENERAL

These Rules and Regulations shall apply to, and be binding upon, all Owners. All initial capitalized terms used herein, but not defined, shall have the meaning given to such terms as set forth in the Declaration of Covenants, Restrictions and Easements for The Bridges, as amended and/or supplemented from time to time (the "Declaration").

1. **Responsibility.** With respect to compliance with these Rules and Regulations, an Owner shall be held responsible for the supervision and actions of the Owner's family members, guests, invitees, tenants, contractors and other persons for whom the Owner is responsible, as well as for the actions of persons over whom the Owner exercises control and supervision.
2. **Observance of Governmental Requirements.** All applicable laws, zoning ordinances, orders, rules, regulations and requirements of all governmental bodies having jurisdiction (collectively, "Governmental Requirements") shall be observed. Violations of any Governmental Requirements relating to the Association Property or any Lot or Home shall be corrected by, and at the sole expense of, the responsible Owner and as appropriate, the violator.
3. **Improper Use.** No improper, hazardous or unlawful use shall be made of the Association Property or any Home or Lot.
4. **Nuisance.** No obnoxious or hazardous activity shall be carried out at any Home or Lot or in or about any portion of the Community, including but not limited to the Club House, The Restaurant, Fitness Center, Pool Areas, Indoor and Outdoor Basketball Courts, Playground, and Tennis Courts. Nothing shall be done which may be an unreasonable annoyance or a nuisance to any other Owner or which interferes with the peaceful possession or proper use of the Homes or any portion of the Community. Nothing shall be done within the Community or any Home or Lot which tends to cause embarrassment, discomfort or unreasonable annoyance or nuisance to any Owner, their family members, guests, invitees, and tenants using any portion of the Community, or to any staff members of the Association's vendors, including but not limited to the staff of the property management, amenity, security and landscaping vendors.
5. **Disturbance.** No loud noises or noxious odors shall be permitted. None of the following shall be located, used or placed on any Lot or inside any Home, or exposed to other Owners without the prior written approval of the Board of Directors (the "Board"): (a) horns, whistles, bells or other sound devices (other than security devices used exclusively for security purposes); (b) noisy vehicles, power equipment, power tools or off-road motor vehicles; or (c) any items which may unreasonably interfere with television or radio reception. Owners shall not operate radios, televisions, musical instruments or any other noise producing items at times or at volume levels which shall disturb others.
6. **Violations.** Violations of any of these Rules and Regulation shall subject the responsible Owner and/or violator to any and all remedies available to the Association pursuant to the Declaration, the Rules and Regulations and Florida Statute 720 (the "HOA Act"). All violations of any of the Rules and Regulations should be reported immediately to the Board or its designees. Violations shall be called to the attention of the responsible Owner(s) and, as appropriate, the violator(s) by the Board or its designees in writing. Disagreements concerning violations shall be presented to and be ruled upon by the Board or its designees in accordance with the Declaration and the HOA Act.
7. **Enforcement.** Failure of an Owner to comply with any Rule or Regulation adopted by the Association shall be grounds for action which may include an action to recover sums due for damages, injunctive relief or any combination thereof. In addition to all other remedies for failure to comply with any rule or regulation, the Association may suspend any or all of the rights of an Owner or an Owner's tenants, guests or invitees to use the Association Property and facilities (including, without limitation, the Recreation Track and Park Tract) as provided in the Declaration, the Rules and Regulations and HOA Act. In any actions, the Association shall be entitled to recover any and all court costs incurred by it, together with reasonable attorney's fees, against the responsible Owner(s) and, as appropriate, any violator(s). In addition, and at the discretion of the Board, fines may be imposed upon an Owner for failure to comply with any of the Rules and Regulations.
8. **Revocation.** Any waivers of the Rules and Regulations and/or consents or approvals in violation of the Rules and Regulations given by the Board shall be revocable at any time and shall not be considered as a waiver, consent or approval of identical or similar situations unless set forth in writing by the Board.

RULES AND REGULATIONS

9. No Amendment. The Rules and Regulations contained in this document do not amend any provision of the Declaration. In the event of conflict between the two, the provisions of the Declaration shall prevail.
10. Further Amendment. The Board reserves the right to amend, clarify, or alter these Rules and Regulations at any time.

MISCELLANEOUS RULES AND REGULATIONS

1. **Signs.** Other than well maintained active alarm monitoring signs positioned close to the home, no commercial sign, display, poster, advertisement, notice or other lettering (including, without limitation, "For Sale", "Open House", "For Rent", "Vendor Work Being Performed by" or "By Owner" signs) shall be exhibited, displayed, inscribed, painted or affixed to a Lot or Home or any element of the Association Property without the prior written approval of the Board, which approval may be given, conditioned, withheld or denied in the sole and absolute discretion of the Board. Notwithstanding anything to the contrary contained in these Rules and Regulations, the Board shall not approve any sign, display, poster, advertisement, notice or other lettering which is, or in the nature, of a "For Sale" or "For Rent, "By Owner" or similar sign for renting or sale of a Home for so long as Declarant owns a Lot in the Bridges or so long as Declarant or any of Declarant's affiliates (or any of their respective successors or assigns) are conducting sales and marketing of homes in the Bridges or other communities developed or marketed by Declarant or any of Declarant's affiliates, whichever is later.
2. **Chemicals.** Except as otherwise specifically provided herein, Owners shall not keep any flammable, combustible or explosive fluids, fuels, chemicals or substances in any Home, its adjacent yard area or within the Association Property. No above-ground or under-ground propane or other fuel storage tanks shall be permitted except only for: (a) customary propane tanks associated with barbecue grills, (b) those substances use for normal household or yard maintenance use, and (c) an under-ground propane tank associated with a Generator System approved and installed pursuant to the "Additional Guidelines for Additions and Alterations — Permanent Generators" as set forth above. Any such propane tanks and household substances shall be maintained in accordance with the prescribed use and safety instructions but in no event shall they be installed or stored on Association Property.
3. **Moving.** Owners or tenants who are moving in or out of the Community shall do so between the hours of 8:00 am and 9:00 p.m. To facilitate a move, the size of a moving truck may block a neighboring driveway. In those circumstances, the resident moving must ensure the truck moves back and forth as necessary to accommodate neighboring residents. Portable self-storage containers are permitted but may not be stored outside of the Home for more than forty-eight (48) hours. Portable self-storage containers shall be placed entirely within the Lot and not in the right of-way bounding the Lot. At no time shall such units be placed on Association Property. If the Association or Property Manager deems that a moving truck is too large for the community (e.g., a vehicle transport truck) then it may not enter the community. **No vehicle trailer transport carriers shall be allowed into the community at any time. Unless given prior consent by the Association**
4. **Solicitation.** All door-to-door commercial solicitation is prohibited. Placing of materials in mailboxes or on or within any portion of the Homes or Lots is strictly prohibited unless express written permission is granted by the Board.
5. **Hunting, Trapping and Use of Firearms.** Hunting, trapping or the use/discharge of firearms, including, but not limited to, hand guns, rifles, shot guns, BB guns, pellet guns, paint guns, slingshots and bows and arrows, are not permitted anywhere in the Community. 6. **Garage Door Screening.** No portion of the opening to any garage door may be covered or enclosed by screen material.
7. **Calling-In Guests in Advance:**
 - 7.1. **General.** All guests must be properly registered at the front gate to enter the community. The security guard shall call a resident for authorization to let in the guest if the guest has either not already been called-in in advance or is not on a list provided to the gatehouse by the resident that includes expected date and time of guest arrival. After two attempts to reach the resident, the security guard shall have the authority to turn the guest away and put the onus on the guest to reach the resident, and have the resident get the guest's name on a list. Additional restrictions shall apply as follows:
 - 7.1.1. **Events.** Any household that expects more than ten (10) guest cars coming into the community for any reason (e.g., birthday party) shall ensure all guests have been called-in in advance and/or shall supply the guard house with a guest list which includes the date and time of the event ("Pre-Registered"). Residents shall never advise the guard house to just let in any guest that has not been Pre-Registered, without Association or Property Management approval. Unless there is authorization from the Association or

Property Manager, once more than ten (10) guest cars enter the community for the same household without being Pre-Registered, the security guard shall have the authority to not make any further calls to the resident for any additional guest cars that arrive. The guest will need to circle around the gate and reach the resident on their own, to have the resident get them on a guest list.

- 7.1.2. Holidays and Association Events. The Association, at its discretion, may from time to time authorize the gatehouse to only allow Pre-Registered guests into the community (e.g., no calls to the resident). As an example, the Association may invoke this rule during a holiday, when there is an expectation that the guest line may severely back-up because many households may host separate dinner parties. When this happens, if a guest is not Pre-Registered, they will need to circle around the gate and reach the resident on their own, to have the resident get them on a guest list.
8. Private Events. Owners who have private events assume full responsibility for any issues whatsoever that arise as a result of the event. Owners assume the same responsibility and liability for their tenant's private event. No private event shall be allowed on any common area property or community streets without approval from the Association or Property Manager.
9. Use of "The Bridges" Logo. No Owner or Owner's family members, guests, invitees, tenants, may use The Bridges logo in any way that gives the impression that the Association is affiliated to, or a sponsor to, non-Association business (e.g., a private party, or a business advertisement), without written authorization from the Association or Property Manager. In addition, any advertisement or promotion of anything non-Association related, that may give the impression that it is Association related, must clearly provide a disclaimer on any and all promotional material that it is not affiliated to the Association.
10. Drone Usage.
- 10.1. Drones shall not land on any Common Area of the community without authorization from the Association or Property Manager.
 - 10.2. For the safety of those in the community, no drone shall hover above a crowd of people.
 - 10.3. All existing rules, including those regarding nuisances, shall apply to drones as well.
 - 10.4. Flights in the community are limited to daytime hours (thirty minutes before sunrise and thirty minutes after sunset).
 - 10.5. Hobbyists flying drones in the community shall ensure the drone is always in their line of sight.
 - 10.6. Drones with cameras may not be used to record images of privately owned properties or of the owners, tenants or occupants of properties in violation of their reasonable expectations of privacy without their written consent. Reasonable expectations of privacy are presumed if individuals are not observable by others located at ground level in a place where they have a legal right to be, regardless of whether they are observable from the air with the use of a drone.
11. Identifying Residency Status to HOA Vendors. To help deter unauthorized access to facilities within the community, Owners and Owner's family members, guests, invitees and tenants, shall identify their status of either being an owner, family member, guest, invitee, or tenant, when asked by a staff member of either the Association's property management vendor or security services vendor.

MAINTENANCE AND APPEARANCE OF HOMES

1. **General.** Each Owner shall keep and maintain his Home and Lot in good order, condition and repair, and shall perform promptly all maintenance and repair work within his Home and Lot which, if omitted, would adversely affect the Community, other Owners or the Association. Maintenance obligations are more fully defined in the Declaration.
2. **Personal Property.** The personal property of an Owner shall be stored inside his Home or garage and not be visible to surrounding neighbors or from Association Property.
3. **Hurricane Season.** Each Owner who plans to be absent from his Home for a period of fourteen (14) days or longer during the peak of hurricane season (August, September, October) shall prepare his Home and Lot prior to departure by removing all furniture, potted plants and other movable objects, if any, from the covered patio or screen enclosure area and from the outside of the Home. The Owner shall also designate a responsible firm, person or individual to cover window or door openings with shutters during a hurricane watch or hurricane warning affects the community, and uncover them immediately after the watch or warning is lifted.
4. **Hurricane Shutters.** No hurricane shutters shall cover window or door openings except during periods of a hurricane watch or a hurricane warning that impacts the Community. Any removable tracks which have been installed by Declarant or approved by the Architectural Control Committee as part of a hurricane shutter package shall not remain installed on a Home other than during periods of a hurricane watch or a hurricane warning. An Owner shall remove any removable type of hurricane shutters attached to his Home immediately after a hurricane watch or a hurricane warning has been lifted. In that regard, if an Owner installs removable hurricane shutters on his Home during a hurricane watch or a hurricane warning and thereafter leaves his Home, that Owner must either: (a) immediately return to his Home after the hurricane watch or hurricane warning has been lifted and remove such hurricane shutters from his Home; or (b) make arrangements for another individual to remove such hurricane shutters from his Home immediately after the hurricane watch or hurricane warning has been lifted. The installation of hurricane shutters, other than those provided by Declarant, shall require ACC approval.
5. **Window Decor.** Window treatments (drapery, blinds, decorative panels or other tasteful window coverings) are permitted. No newspaper, aluminum foil, sheets or other temporary window treatments are permitted, except for periods not exceeding two (2) weeks after an Owner first moves into a Home, or when permanent window treatments are being cleaned or repaired.
6. **Landscape Material.** No trees, shrubbery or landscaping shall be removed from Lots without prior written consent of the ACC. No additional trees, shrubbery or landscaping are permitted to be planted by an Owner on the Lot or Association Property without the prior written consent of the ACC. Notwithstanding the foregoing, and subject to the prior approval of the ACC, which may be withheld in its sole and absolute discretion, hedge(s) which exceed the height of a five (5') fence may be planted for privacy purposes on i) non-Lake Lots, or ii) on a Lake Lot where such hedge(s) will not materially interfere with the view of the lake by the immediate neighbor who is also a Lake Lot Owner. Approval by the ACC may be conditioned upon the Owner agreeing to trim such hedge(s) should the hedge(s) later be found to create an obstruction of a lake view **or become a nuisance to another homeowner**. In the event the Owner fails to trim the obstructing hedge(s) within fourteen (14) after receipt of written notice by the Association to do so, then the Association shall have the right, but not the obligation, **to fine and/or** trim such hedge(s). The costs associated with such hedge trimming performed by the Association will be charged as an assessment against the Owner's Lot.
 - 6.1. **Additionally, in conjunction with Palm Beach County code, ni hedge shall exceed eight (8) feet in height. If the Association engages with a landscaping vendor to maintain homeowner lot hedges, the vendor contract shall never include maintaining a hedge past eight (8) feet in height. In the event the homeowner fails to trim a hedge past eight (8) feet in height within fourteen (14) days after receipt of written notice by the Association to do so, then the Association shall have the right, but not the obligation, to fine and/or trim such hedge(s) The costs associated with such trimming performed by the Association will be charged as an assessment against the Owner's Lot.**
 - 6.2. **No homeowner, tenant or guest may activate the community Irrigation Valve System without Association consent. The homeowner, or the homeowner responsible for the tenant or guest, shall reimburse the**

Association for the costs to repair damage incurred due to an unauthorized activation of the valve. The Association reserves the right to place a lock on the valve box at any time.

- 6.3. All applications for Artificial Turf must be submitted to and approved by the ACC prior to installation. If approved, no existing irrigation may remain under the turf. All turf must be separated from real grass by installing plastic or metal edging and cannot abut real grass since it will interfere with the landscaping process by damaging the turf when being cut. Artificial turf is only allowed in areas not seen from the common area streets. The artificial turf must be kept cleaned and maintained (including periodic adjustments due to any changes to root systems, any turf uplifting, and any mold conditions on turf) at all times by the homeowner and cannot become a visual nuisance to any other homeowner. Proper drainage must be maintained without any accumulation of water occurring at any time. If the Association performs lot landscaping services, it reserves the right to refuse to perform certain services it feels the services may cause issues related to the artificial turf.
7. Alteration of Drainage. No sod, top soil, fill or muck shall be removed from or added to Lots without prior written consent of the ACC. No change in the condition of the soil or the level of land shall be made which would result in any permanent change in the flow or drainage of surface water within the Community or on the Lot.
8. Outdoor Furniture. Outdoor furniture shall be permitted only in the rear yard of a Lot, provided the Owner assumes the responsibility for maintenance, including the control of mildew, rust, wood rot and deterioration of equipment components.
9. Air Drying. No linens, cloths, clothing, curtains, rugs, mops, laundry of any kind or other articles shall be hung, dried or aired from any window, door, fence or balcony in such a way as to be visible to any other Owner. Temporary or mobile basketball hoops shall be permitted provided that they are located such that the base and rim are entirely within the Lot and at all times located and stored in the driveway at a location which is no closer than midway between the garage door and the front property line.
11. Removal of Coconuts. For reasons of safety, homeowners are required to remove coconuts from palm trees on their property during hurricane season (defined as July 1 through December 31). The Association may enter into an Agreement with a landscaping vendor. If an Agreement is in place, the Agreement may call for the vendor to remove nuts from Homeowner lots lower than a certain height. Unless otherwise stated in the Vendor Agreement (if one exists), the vendor shall remove nuts lower than sixteen (16) feet above the ground. Nuts over that height must be removed by the homeowner.

Satellite dishes which are reasonable in size (such as one (1) meter (39.37 inches) or less in diameter) may be approved, subject to any rules adopted by the Associations relating to the location and effectiveness with respect to concealing their appearance from adjacent lots and rights of way.
5. Driveways. Approval for the widening of driveways may be considered if the width shall be no wider than the outside width of the garage. Approval for the refinishing of driveways with brick pavers may be approved only if the colors and textures are consistent with existing improvements, the Home Owner assumes the responsibility for continued maintenance and it does not interfere with existing utilities, as determined by the Association. Declarant's original rick paver schemes provided to its original purchasers (on either an optional or standard basis) shall be the basis for determining consistency with existing improvements.
6. Awnings. An Owner shall not install or attach any awnings to his Home without the prior written consent of the ACC. The Board shall have the right to adopt, and amend from time to time, guidelines governing the type, design, size and color of awnings which may be permitted and restrictions relating to locations and the maintenance of the awnings.

The Board may set and establish fees ("Review and Inspection Fees") for, among other things, review of the plans and specifications for proposed Improvements and inspection of the Improvements constructed by an Owner, which review and inspection may be performed by third parties. The Board may require such Review and Inspection Fees be paid in advance (i.e., at the time of submission of the Owner's application). In the event any Review and Inspection Fees remain unpaid by an Owner, in addition to the other rights of the Association, the Board shall have the right, at its option, to deduct all unpaid Review and Inspection Fees from any security deposit required to be paid by such Owner.
14. Security Deposit. Any Owner desiring to make Improvements may be required, depending upon the Improvements being requested and the manner of installation of such Improvements, to provide, at the time of the Owner's submission of plans and specifications for review and approval by the ACC, an application fee, plus a security deposit in an amount determined by the Board (initially, Five Thousand and No/100 (\$5,000.00) Dollars for the security deposit). OPEN PATIOS, SCREEN ENCLOSED PATIOS AND POOL DECKS

Without limiting the generality of home maintenance and appearance criteria included in these Rules and Regulations, and without curtailing the right of the ACC or the Board in rejecting certain requests or employing judgment in evaluating requests, the following guidelines shall be considered when evaluating requests for open patios, screen enclosed patios and pool decks. Note that, even in the event of strict compliance with the following guidelines, prior approval from the ACC shall be required for each and every screen enclosure installation:

1. Approval for screen enclosures shall be limited to aluminum frame structures which are bronze.
2. Approval for screen enclosures shall be limited to screen meshes on the enclosure which are a standard dark color (e.g. charcoal, bronze or black).
3. Kick plates may be approved which are no taller than 24" above the patio and/or pool deck.
4. Obscure screen materials shall be prohibited.
5. No enclosures shall be permitted at the front entries.
6. No aluminum or flat roofing material shall be permitted. Either the existing roof line may be extended or a screen enclosure may be installed if approved by the ACC.
7. Open patios, screen enclosed patios and pool decks must maintain the following setbacks, assuming drainage easements and other easements do not exist and assuming that any enclosure is built with a screen roof rather than a solid roof:

POOLS AND SPAS (ZLL Zero Lot Line Home, NZ Non-Zero Lot Line Home)	50's and 55's per building code	70's and 90's per building code
Minimum decking behind pool – building code issue, not zoning issue. Rear yard setback from edge of pool water to property line – non open space lots	5'	10.5'
Rear yard setback from edge of pool water to property line - open space lots (excludes LME)	3'	3'
Side yard setback from property line to edge of pool water (corner lots)	18'	18'
Side yard setback from property line to edge of pool water (interior lots)	ZLL-O' / NZ-5'	10.5'

SCREEN ENCLOSURES	50's and 55's	70's and 90's
Rear yard setback from property line to screen — non open space lots	2'	7.5'
Rear yard setback from property line to screen — open space lots* (excludes LME)	0	0
Side yard setback from property line to screen — interior lots	ZLL-O' / NZ-2'	7.5'
Side yard setback from property line to screen — corner lots	10'	15'

Note: An "open space Lot" is a Lot that abuts an open space area fifty (50') feet or greater in width.

8. Notwithstanding anything to the contrary contained in these Rules and Regulations, there shall be a minimum two foot (2') setback requirement from the side yard lot line on the "zero lot line" side of a Home for that portion of any open patio, screen enclosed patio and/or pool deck that extends beyond the foot masonry wall extending from such "zero lot line" side of the Home (the "Privacy Wall"). In addition, if an Owner installs or constructs such open patio, screen enclosed patio and/or pool deck between two feet (2') and five feet (5') from the side yard lot line on the "zero lot line" side of a Home, then a Hedge must also be installed by said Owner within the two foot (2') setback area along

that portion of the open patio, screen enclosed patio and/or pool deck that extends beyond the Privacy Wall in order to provide a vegetative privacy barrier.

9. Except as expressly provided in this paragraph, no planting, landscaping and/or other improvement whatsoever, including, without limitation, hedges, trees, pool decks, patios, screen enclosures, etc. shall be permitted within the rear five (5') feet (the "Rear Yard Drainage Swale Area") of any "Non-Lake Lot" which for the limited purposes of this paragraph is defined to mean a Lot in which no portion of such Lot is abutting any portion of a lake maintenance easement. The Rear Yard Drainage Swale Area is for drainage and flowage of storm water runoff. Notwithstanding the first sentence of this paragraph to the contrary, subject to the prior written approval from the ACC, an Owner of a Non-Lake Lot may install a pool/spa deck, patio and/or screen enclosure within the Rear Yard Drainage Swale Area provided that such pool/spa deck, patio and/or screen enclosure is constructed in a manner that will not cause storm water runoff to discharge therefrom onto any adjacent property (including, without limitation, any adjacent Owner's Lot or Association Property). In that regard, no pool/spa deck, patio and/or screen enclosure to be constructed within a Rear Yard Drainage Swale Area shall be approved by the ACC unless such pool/spa deck, patio and/or screen enclosure is designed and constructed in a manner that will retain all storm water runoff within the Non-Lake Lot including, without limitation, installation of a commercial grade deck drain that will collect such runoff and discharge it to the side yard of the Non-Lake Lot. In addition, each Owner of a Non-Lake Lot shall have the right to seek approval from the Committee for the installation of a fence across the Rear Yard Drainage Swale Area to the rear property line of such Owner's Non-Lake Lot, subject to the terms and conditions of the Bridges Documents and the prior approval of the Committee.

FENCES

Without limiting the generality of home maintenance and appearance criteria included in these Rules and Regulations, and without curtailing the right of the ACC or the Board in rejecting certain requests or employing judgment in evaluating requests, the following guidelines shall be considered when evaluating requests for fences. Note that, even in the event of strict compliance with the following guidelines, prior approval from the ACC shall be required for each and every fence installation:

1. Only certain styles of aluminum rail fences shall be approved.
2. No style of wood or chain link fence shall be approved.
3. Except as expressly permitted in the Declaration and/or these Rules and Regulations, no fence shall be approved or installed which encroaches into Association Property, other Lots, Lake Maintenance Easements, Lake Maintenance Access Easements and/or Drainage Easements.
4. No fence shall be approved which is not set back a minimum of 10' back from the front wall of the Home and at least 5' back from the sidewalk where applicable. No fences shall be attached to a neighbor's home. In considering requests for fence installations, the following may be taken into consideration: locations of air conditioning units; locations of garage access doors; and positions of adjacent Homes.
5. No fence shall be approved which extends in front of the front corner of a neighbor's Home where the two Homes are immediately adjacent to each other and where both Homes face the same direction. Except as expressly permitted in the Declaration and/or these Rules and Regulations, no fence shall be installed within the Fence Restricted Areas. The Fence Restricted Areas include (a) the area between the front of a Home and Street, Drive or Roadway at the front of the Lot on which the Home is situated, unless specifically required by the Palm Beach County Unified Land Development Code, (b) except as otherwise provided below, any drainage easement on the Property as set forth on the Plat, any Additional Plan or in any separate instrument recorded in the public records of the County, and/or (c) any Lake Maintenance Easement. The ACC may approve the installation of a fence within a Drainage Easement where the Owner has obtained the approval and execution of a removal and indemnification agreement, signed by Owner, in a form acceptable to Palm Beach County Utilities and the Association.
6. Except for fences originally installed by Declarant, the only fence type allowed to be installed by an Owner shall be an aluminum, bronze-colored rail picket fence, with rails no wider than one (1") inch and spaced no closer than three (3") inches on center.
7. All fences shall have a height of five (5') feet. However, if the fence serves as a pool barrier and the requirements of Palm Beach County (the "County") provide for a minimum height of the fence in excess of five (5') feet, then the height of the fence shall be the minimum height required by County requirements and all other fencing on the Lot connected and tying-in thereto shall be the same minimum height required by the County requirements so that all fencing on the Lot shall have a common and uniformed height.
8. For fences installed on corner Lots whose rear property line is common with the adjacent Lot's side property line and/or whose side property line is adjacent to or visible from a road, a landscape hedge must be installed on the outer side of the fence within the Lot to provide screening. For fences installed on corner Lots whose side property line is adjacent to a street or road, no fences shall be permitted to cross or be installed within any utility easement which runs along such side property line.
9. No fence shall be approved which does not provide access to the Owner's neighbor for maintenance of the neighbor's zero lot line wall and roof overhang, if applicable.
10. For Lots with drainage easements, the approval from and execution of fence removal and indemnification agreements with Palm Beach County Utilities and the Association may be required.

THE BRIDGES HOMEOWNERS ASSOCIATION, INC
RULES AND REGULATIONS

11. Any fence which crosses a utility easement may require approval in writing by all utility companies occupying the easement.
12. For any fence, if approved, the Owner shall assume the responsibility to maintain the fence, including trimming any grass or other plants from the fence.
13. For any fence, if approved, the Owner shall be responsible for the costs associated with any required removal, repair and/or replacement if that fence is erected on or adjacent to a lot line common with a Lot where the house is not yet under construction or, if under construction, not yet closed to the new Owner.
14. For any fence, if approved, the Owner shall be responsible to meet all County requirements and criteria including, but not limited to, proper permitting and surveying.
15. In accordance with the Declaration, an Owner who elects to install a fence without an operable gate in a location and of "sufficient" width approved by the Association assumes full responsibility for maintenance of the lawn and landscaping in the portion of the Lot which becomes enclosed by the fence construction. In this instance, if the Association provides Home Landscaping Services for its Members, then the Association shall not have any further obligation to perform any of the Home Landscape Services for such affected portion. This includes, by way of example and not limitation, cutting of the grass, maintaining of the irrigation system, fertilization, spraying and edging and replacement of sod. There shall be no reduction in the Association assessments for the Owner in return for the preceding maintenance obligation assumed by the Owner.

PERMANENT GENERATORS

Without limiting the generality of home maintenance and appearance criteria included in these Rules and Regulations, and without curtailing the right of the ACC or the Board in rejecting certain requests or employing judgment in evaluating requests, the following guidelines shall be considered when evaluating requests for a permanent emergency generator and any underground propane storage tank and other appurtenances applicable to the permanent generator (collectively, a "Generator System"). Note that, even in the event of strict compliance with the following guidelines, prior approval from the ACC shall be required for each and every installation of a Generator System on a Lot:

1. Location. No above-ground portions of a Generator System shall be permitted to be installed within any portion of the front yard of a Lot. No portion of a Generator System shall encroach onto: (a) any Association Property, (b) any other Lot in the Community, (c) any easements benefiting or burdening the Lot including, without limitation, utility easements, drainage easements, lake maintenance easements and/or lake maintenance access easements, fence and hedge easement, wall and hedge easements or (d) drainage swales on the Lot. In addition to the foregoing, the locations of the various components of the Generator System shall otherwise comply with all Governmental Requirements. The location of the Generator System shall also comply with all applicable setback requirements set forth in the Association Documents and Governmental Requirements.
2. Applications; Submittals. All applications for Generator Systems shall include, in addition to other standard information: (a) the make, model, propane capacity and sound level ratings for all components of the Generator System, and (b) an indemnification and hold harmless agreement from the Owner(s) of the Lot in favor of the Association, the ACC and all other Owners. With the application for installation of a Generator System, the Owner shall be required to submit a survey to the ACC showing the general location and placement of all components of the Generator System, including any underground propane storage tank. The survey shall depict (i) the location of all components of the Generator System including, without limitation, the storage tank and the distances from the Home on the Lot and the Home(s) adjacent to the Lot on the side(s) where the Generator System or any portion thereof is to be installed, (ii) the size and layout of the slab that the physical generator will be installed on, (iii) the location of all easements and applicable setbacks affecting the Lot to show that no portion of the Generator System encroaches thereon, and (iv) the location and size and species of any screening to be installed to screen the above-ground portions of the Generator System as required below.
3. Screening. Generators shall at all times be screened from view by all adjacent Lot Owners and from the street. Screening may include the use of fences, walls or hedges, or a combination thereof, as determined by the ACC. Owner shall be required to submit a landscaping/screening plan to show proper screening of the Generator.
4. Compliance with Governmental Requirements. For any Generator System approved by the ACC, the Owner shall at all times be responsible to comply with all Governmental Requirements relating to the installation and use of the Generator System including, without limitation, applicable set-back requirements and maximum sound level restrictions. In that regard, all approvals for a Generator System shall require the Owner to obtain all necessary building permits and other approvals required by the Governmental Requirements. Regardless of an approval by the ACC, no Generator System may be installed or used without such building permits and approvals. No portion of an Owner's Security Deposit shall be returned to an Owner unless and until evidence satisfactory to the ACC of such compliance with Governmental Requirements has been delivered to the ACC.
5. Underground Propane Tanks and Plumbing. A licensed and insured LP gas contractor must be used to install any underground propane tank and any necessary plumbing.
6. Maintenance. All Generator Systems must be regularly and properly maintained, repaired and replaced, as applicable, by the Owner of the Lot on which such Generator System is installed.
7. Required Removals. For any Generator System, if approved, the Owner shall be responsible for the costs associated with any required removal, repair and/or replacement if the Generator System is erected on or adjacent to a lot line

common with a Lot where the house is not yet under construction or, if under construction, not yet closed to the new Owner.

8. Limitations. Not all Lots in the Community may be able to have Generator System installed thereon due to, among other things, the Governmental Requirements, applicable set back requirements, location of easements and the configuration of the Lot. Accordingly, even if an application for a Generator System is approved by the ACC, there is no guarantee that a particular Lot will accommodate a Generator System thereon. Accordingly, each Owner shall be responsible to confirm that their Lot can accommodate a Generator System prior to making application to the ACC and/or applying for any necessary permits and approvals.

ADDITIONAL GUIDELINES FOR ADDITIONS AND ALTERATIONS:

TRAMPOLINES

These Rules and Regulations regarding the use and location of trampolines are designed for the mutual benefit of all Owners. The mere fact that the Association has established rules regarding the use of trampolines on privately owned Lots should not be read, viewed, understood or taken as Association approval of the use or placement of any trampoline. These rules regarding trampolines are in addition to rules about "Play Equipment" of the Additional Guidelines for Additions and Alterations.

1. Approval. No trampoline shall be installed or otherwise placed on the Lot of any Owner without the Owner first submitting an application and receiving approval from the ACC. All applications for a trampoline shall include, in addition to other standard information (a) the make, model and specifications of the trampoline, (b) a picture of the proposed trampoline, (c) the intended designated location for placement of the trampoline on the Lot, and (d) such other requirements as may be set out herein, and/or as requested by the ACC and/or the Board. The ACC, in its sole discretion, may, upon application of any Owner in accordance with this Rule, permit the trampoline to be placed on the Owner's Lot. The approval by the ACC of placement of a trampoline on an Owners Lot does not prohibit the Board or ACC from denying the placement of a trampoline on another Owner's Lot under similar circumstances. All ACC approvals are and shall remain contingent upon each Owner ensuring that upon issuance of a tropical storm, hurricane or severe weather watch or warning the approved trampoline is stored indoors.
2. Trampoline Materials. All trampolines must be constructed with heavy duty steel tubing and must not show rust on the exterior. All trampolines must include a fixed safety net designed to prevent a user from falling off the trampoline. All trampolines must be capable of being stored indoors.
3. Dangerous Activity; Hold Harmless. By submitting a request to the ACC to review and approve the placement of a trampoline on a Lot, the Owner shall be deemed to have automatically recognized and agreed that use of a trampoline is an inherently dangerous activity, and the ACC's approval of the placement of the trampoline is in no way an indication of acceptance of responsibility for, or liability by, the Association. By submitting such request to the ACC, the Owner shall be deemed to have automatically agreed, by virtue of such request, to release, hold harmless and indemnify the Association and its officers, directors and members, the ACC Members and the Declarant for any and all claims, damages, liabilities, injuries (including personal injuries and/or death), fees, costs, and expenses including, without limitation, reasonable attorneys' fees, expert fees, and costs in any and all actions, judicial, municipal, legal or appellate, that may arise from the use and/or placement of the trampoline.
4. Trampoline Use. No trampoline may be used unless a fixed safety net is properly installed and in use.
